BOURBON COUNTY'S METHODS

Let Us Buy on Fair Terms the Pike That Are Already Built.

DON'T WASTE THE MONEY.

It will be conceded, we think, that THE LEDGER has been in the forefront of the fight for free turnpikes in Mason county; and it is with no little pride that it can point to a substantlai victory, achieved without the aid of any other newspaper press in this county, but on the contrary, in the face of an opposition which threw

competency of this world's goods.

Hence, it does not believe it would be either hones or youd policy to engage in an attempt to destroy the property of the more property of the property of others, more especially when no direct

go about the consummation of their de-sires in a proper spirit and a business-like

than felly to squander thousands of dol-

iars upon reads which can be of no especial value to the people at large.

The plan of paralleling the main pikes is a more than foolish one, in that it would require considerable time to build

the roads and then a term of years before they would be in good passable condition. The proper method, in our humble In proper metaos, in our number judgment, is to negotiate for the pur-chase of the main pikes already built, conditioned always that the price shall be satisfactory.

Once in possession of the roads, which

have cost hundreds of thousands of dol-lars and many years of labor, the people may at once begin to travel over them without waiting for new roads to be ome settled and smooth

Mason county should profit by the lessons of other counties. Already that portion of the Mayaville and Lexington Turnpike lying within Fayette county has been bought by that county; and the following letter clearly shows the temper

and was accered against the individual of the same trapile which extends through that country. This paper feels at liberty, therefore the tourner of a few timely and business-like was to offer a few

others, more especially when no direct galacan be secured for the destructionists. The Court of Appeals has featly and forever ladorsed The LENDER'S position. How the David of The LENDER'S position by declaring that the turnplaces of Mason by declaring that the turnplaces of Mason county may be made free.

In now behoves those who have the Bright in the David of the Mason county may be the declared the mason county may be made free.

WE'RE FOR AMERICA AMERICANS

THE Times-Star, speaking of Gov-ernor BRADLEY'S withdrawal from the race for the Presidential nomination, says it is undoubtedly good politics, both for the harmony of the party and for the future of the Kentucky leader personally. In view of the sliver heresy which menaces the commercial interests of the country, Governor Bradley says, "The time has come for state favorite personal preferences to be laid e," and all friends of sound money "should stand by their guns and march shoulder to shoulder to a grand victory in November." Like that other famous son of Kentucky Governor BRADLEX "would rather be right than be Presi-dent," but the time is coming when he may be both.
